Lewis-Gilmer E-911 Advisory Board 6/13/16

The Meeting was called to order by L. Gerwig at 14:03 in Lewis County.

Members Present: L. Gerwig, J. Gum, B. Rowan, J. Taylor, J. Spray, J. Heater

Also attending: L. Slaughter, R. Stalnaker, M. Tatman, S. Moneypenny

Motion was made by J. Taylor and seconded by J. Heater to approve the minutes from the previous meeting. Motion was approved.

Committee Reports

Executive Committee:
No report

Building and Operations:
J. Gum reported that the radio upgrade has been installed. We are now in the process of getting a RFP written to get a new phone system. We have already seen a couple demos, and have scheduled a couple more.

R. Stalnaker has requested that the radios be used in the proper manner (hold button, wait for beeps, then talk. Also tell if the radio frequency is going to be changed).

J. Gum commented that the LCSO has requested that the SIRN system be the primary radio system used. Weston PD, LCSO and DPS are using that radio on day and evening shift. Night shift is still jumping back and forth. There is no alert on that system, just the call announcement.

All Lewis County fire chiefs met at the 911 Center to discuss the failure of the fire levy. The question had been asked regarding services that would be provided vs. what services would be cut back on as far as single company responses. The chiefs have 30 days to return their call list to B. Rowan and the 911 Center.

In the future, run assignments will have to be changed due to the water extension in the southern end of the county. Primarily, additional services

will be needed for Stonewall Resort. J. Spray advised that their tank will be completely out of service for upgrades on a temporary basis.

Budget and Finance:
The fiscal year is winding down. There are currently 2 outstanding invoices. By next Monday all bills will be in and we will finish the year in the black.

Public Relations:
No report

Personnel Committee:
The two trainees have finished with classroom training and are in the radio room with their trainers. They are focusing on CAD work and non-emergency radio traffic.

M. Tatman has completed a schedule with strictly 8 hour shifts and one with 12/8 hour shifts. The schedules will be studied and a final decision will be made in the near future. Each has pros and cons as far as shifts and time off.

The current Personnel Policy states that employees must work 11 days (8 hrs/day) to earn annual leave, however; with our schedule being 12 hr days, that creates an interpretation issue. The County Administrator agrees with the idea that 88 hours a month is the standard. The County Commission agreed, but wants to take the issue to the County Prosecutor for clarification.

EMD/Training Committee:
J. Taylor reported that there were 2 Lewis County and 1 Gilmer County calls that were below the score. The three calls were reviewed. All issues were minor and a couple issues were repeat callers. Nothing major that needed addressed.

M. Tatman advised that the new guidecards have been printed and invoiced. They will be shipped between 6/13 and 6/15/16.

Old Business:
No report

New Business:
R. Stalnaker, TAC Officer, reported that all teletype information must be faxed to the Sheriff's office. Officers have requested for information to be

faxed to the fire/ems offices. This practice is not allowed, per the state office, and the 911 center is not permitted to fax to other locations besides the Sheriff's office (unless the requesting personnel is at another secure location, e.g. CRJ).

B. Rowan commented that the owner of TALA is going to "fence us out" in the near future.

Addressing Report:
As delivered

J. Spray inquired about hydrants and LZs having addresses. S. Moneypenny informed that hydrants have addresses and that LZs are an ongoing project. A time frame for completion was requested and J. Gum reported that they will have to work on it. J. Gum will provide EMS/Fire a list of their current LZs for review. J. Spray informed that there have been 22 new hydrants installed that need addressed. It was questioned if Gilmer County hydrant addresses have been updated.

Chairman's Time:
The Gilmer County Folk Festival is scheduled over the weekend. There will be additional coverage for the weekend that is not reflected on the schedule. The officers will let dispatch know when they are on duty.

Hemlock Road will be dedicated on Saturday, 6/18/16.

Director's Report:
B. Rowan questioned if M. Tomey, with Gilmer County Fire, has an email address we could add to the database.

Benefit of the Organization:
B. Rowan expressed thanks to those attending.

J. Spray reported that July 3rd, 9th and September 4th there will be fireworks at Stonewall Resort. L. Gerwig reported that Cedarville will be having fireworks around the holiday in July. Exact time will be determined. Weston's fireworks will be Monday, July 4th.

Gilmer County 4-H Camp will be coming up the end of June at the Gilmer County Rec Center. Lewis County 4-H Camp will be July 3-7.

Motion to adjourn was made by J. Taylor and seconded by J. Gum.

Meeting was adjourned at 15:05. Next meeting will be on July 11, 2016 at 14:00 in Lewis County.

Lewis County Commission
117 Court Ave
Weston W 26452

Dear Agnes:

This letter shall serve to meet the requirements for final reporting on the $2500 issued to Lewis County First by Mountain Lakes CVB and held in the care of the Lewis County Senior Citizens Center, Inc.

Last quarter's balance totaled $1480.25. During this quarter, our expenditures from this grant totaled $1480.25. Expenditures were used to assist with national registration of Little Free Libraries in Lewis County. Additional funds were used to defray costs associated with liability insurance for work projects in Lewis County and to match funds raised for the Community Gardens in Jane Lew.

This grant has allowed the Lewis County First volunteers to provide many good services for the people in Lewis County. Because of noticeable improvements to the community, more people are asking about and offering assistance to Lewis County First's efforts.

I want to thank you for your personal support of Lewis County First's efforts. I invite you to attend any of our meetings and offer support, advice, and encouragement.

Should you have questions regarding this submission, please contact me at (304)269-5738.

With personal regards,

Re: Fiscal Year 2017 Premium Notice for the West Virginia Prosecuting Attorneys Institute

Dear Commissioners:

West Virginia Code 7-4-6 created the West Virginia Prosecuting Attorneys Institute and further provides that each county pays a premium to the State Treasurer for the Institutes use. Since July 1, 1995 the Institute has provided valuable services to the County Prosecutors, their staffs, Law Enforcement and others across West Virginia. Last year the Institute trained 278 prosecutors, over 600 law enforcement in 60 training dates. In addition, the Institute has provided research, technical expertise, manuals, reference guides and other information to the State's prosecutors. Trainee feedback indicates the training and assistance provided by the Institute has been extremely helpful to prosecutors and law enforcement alike.

Another important function of the Institute is providing special prosecutors to the counties when the local prosecutor is disqualified from service in particular cases. This provides not only a cost savings to the counties but also experienced and trained legal representation for the citizens of the various counties'. Over the lifetime of the Institute, the total cost savings to West Virginia Counties is estimated to be $10,919,700.00. In 2015 the Institute procured nearly 278 special prosecutors.

Enclosed is an invoice for the annual premium which should be prepared and mailed by July 31, 2016 or earlier, for your budgeting convenience. The premium amount was derived by using the rates found in West Virginia Code 7-4-6 and calculated in the manner provided in West Virginia Code 7-7-3(a) upon advice and counsel of the West Virginia State Tax Department.

Your continued support is greatly appreciated, not only the Institute but, by the State's 55 Prosecutors, their assistants and many others in the Criminal Justice system. It has been an honor to provide these services. Thanking you for your continued support, I remain

Sincerely

Philip W Morrison, II

Mrs. Agnes Queen, Commissioner

Lewis County Commission

110 Court Avenue

Second Floor

Weston, W.Va. 26452

Dear Agnes,

Please accept this letter as my formal resignation from the office of Lewis County Assessor. As per my employment contract, I am giving two weeks' notice and my last day of employment will be July 1, 2016. I will ensure that all my projects are completed by that date and will assist my replacement in any way possible to ensure a smooth transition of duties.

On a personal note, let me express my gratitude for the wonderful opportunity for professional growth and development this position provided me over the last three years. I have learned so much about the role, duties, and responsibilities of the county assessors' office. The opportunity to develop skills associated with this office and my position has provided me with invaluable opportunities for future employment.

I also greatly enjoyed working with such a supportive and dynamic team. Paula and Richard accepted me and helped me grow and learn in my position. I also cannot begin to express my deep appreciation for having the opportunity to serve the people of Lewis County and to help all of those who came by the assessors' office with questions, problems, and seeking information. The citizens of Lewis County are fortunate to have such a dedicated and responsive Assessor's Office.

While I am excited by Jason's advancement within Frito-Lay and our families move away from Lewis County and the new opportunities my current position in the assessor's office has prepared me to assume in another state. I will always remember my time with the Lewis County Assessors' Office with great fondness and personal satisfaction.

Agnes, you have been an inspiration to me. I found in you a positive force for change in the county and an outspoken advocate for advancing the opportunities for youth and families. I want to model these traits in my personal and professional life. We are on the cusp of participating in significant national, state, and local political transformation which requires a sure and steady guiding hand. I know you have the strength, passion, and commitment to see this transformation through.

Thank you for all of your support to our family and myself personally. I wish you the very best in the coming years. Keep Lewis County Strong.

Thank You,

Jody Riley

RE: CDGB - Small Cities Block Grant Program
Executed Contract and Requirements for Notice to Proceed
Lewis County Commission
Northwest Lewis County Water Project
Project Number: 14SCBG0001X ($1,250,000)

Dear Commissioner Queen:

Enclosed is your copy of the fully executed grant award and contract dated March 8, 2016, for the above-referenced project. Please retain this contract and grant award with your project files.

This funding is provided under Title I of the Housing and Community Development Act of 1974 under regulations of the Department of Housing and Urban Development, including but not limited to 24 CFR (Code of Federal Regulations), Part 570, Sub-Part I, as amended or revised, and subject the State of West Virginia's CDBG-Small Cities Policies and Procedures Manual.

Funds are provided to meet the HUD National Objective of Benefit to Low- and Moderate-Income (LMI) persons to provide the Low Mod Area (LMA) Benefit in the Eligible Activity of Public Facilities to include the acquisition, construction, reconstruction, rehabilitation or installation of public improvements or public facilities in accordance with 24 CFR Part 570.201(c).

Based upon the documents submitted by the Region VII Planning and Development Council staff, environmental, administrative, inspection, engineering and related activities associated with this grant have been designated as Exempt by the Lewis County Commission. In addition, the project has also been environmentally cleared by the West Virginia Development Office. Once the WVDO receives all project funding commitment letters, a Release of Funds and Notice to Proceed will be issued.

In addition to the Environmental Review, and prior to bidding, submit a Notice of Intent to Bid and a completed Bid Document Checklist certifying that all pre-bid requirements have been met and all related materials are included in the bid documents. Upon satisfactory review of these documents, the WVDO will provide written Authorization to Bid. Appropriate documentation must remain in the project files for future monitoring.

Work to be performed under this contract is subject to 24 CFR Part 135, also known as Section 3 of the Housing and Urban Development Act of 1968. Section 3 is discussed in great detail within this agreement, and the Grantee will be responsible for compliance and reporting. Section 3 Certifications must be included in contracting and subcontracting agreements for this project.

Construction contracts shall be procured in a manner that provides maximum open and free competition consistent with the procedures identified in the policies and procedures manual, and in accordance with Chapter 5-22-1 of the West Virginia Code and Federal regulations, 2 CFR 200 (formerly 24 CFR Part 85). You are reminded that you are required to take affirmative steps to assure that Women and Minority-Owned Business Enterprises (WBE/MBE) are encouraged to bid. These steps may include direct solicitation of WBE/MBE contractors and businesses, proof of which must be included in the project files.

Due to the ongoing need for this grant funding, failure to fulfill these requirements by the prescribed date may also lead to withdrawal of the CDBG-Small Cities funds. An extension can only be granted through the submission of a letter from the Grantee detailing the justification for the specific information that cannot be submitted within this time frame. The request for an extension must be submitted 30 days **prior** to the 120-day deadline date.

The West Virginia CDBG-Small Cities Policies and Procedures manual provides additional details regarding the Environmental Review and Release of Funds, and all federal and state CDBG Small Cities requirements. This manual is available at www.wvcommerce.org, or by calling our office.

We look forward to working with you on this project. If you have any questions, or need additional information, please call me at 304-957-2043 or send email to Tony.M.O'Leary@wv.gov
